THE SAFE MOVES

Same code
8A → 8A
Perfect blend — the juggling default

±1 number
8A → 7A / 9A
Seamless travel around the wheel

Letter swap
8A ↔ 8B
Minor ↔ major mood shift

+2 boost
8A → 10A
Deliberate energy LIFT — peak moments only

⚠ Avoid random jumps (+7 = the classic trainwreck). Crossing the wheel? Travel in ±1 steps over a few songs.

WHY IT MATTERS EXTRA IN DANCEHALL

Juggling = a transition every 60–90 seconds, with exposed melodic vocals on every cut. Each switch is a chance for two singers to clash keys. Order the set harmonically at home and the night stays in tune. RiddimDJ Pro's Harmonic Set List does the ordering automatically — BPM + key, clash warnings included.
